

EVOKE'S

Summer Highlights

May 2022

The team grew to 10 as Issy joined - 'It's been great becoming part of such a friendly team. I have been involved in a variety of exciting projects so far and have gained useful skills through training'.

June 2022

Project success! We've been working on some fantastic projects this summer and finished off June with a project success with the approval of new facilities at Le Manoir aux Quat'Saisons together with a new access off the A339, providing highway safety improvements.

July 2022

We enjoyed our summer team day at Newbury Races. We didn't win big, but had a great time and were lucky with the weather. Paul pipped Issy and David to the post by winning our sweepstake!

July 2022

We grabbed the bull by the horns as we opened our Birmingham Office! Jon moved into Alpha Works in the city centre in July and has settled in quickly. Contact Jon at j.williams@evoketransport.co.uk to catch up for a coffee.
